

Great is Thy Faithfulness: The Lord Has Come!  
Exodus 20:18-26

Intro

I. The Lord has come...

The Lord wants to meet with His people, and His people want to meet with God.

There is nothing greater than having a personal relationship with God.

We need a mediator so that we can know God.

Your relationship with God is not something to play around with.

II. To bless you.

God provides the mediator, and His Word assures you that He is with you.

We have peace with God through the sacrifice on our behalf.

You need to understand that a relationship with God is a gift.

You don't climb your way up to God, God has come down to us.
